Intel Bay Trail

Windows 10

15.6" TFT LCD Screen

User-Friendly Touch Screen

Fanless Design

Audrey's thin, sleek design complements even the most aesthetic store or hospitality environment and the stylish touchscreen EPOS is available in an elegant silver and black or silver and rose gold finish. It takes up minimal counter space and conceals all cables to keep your checkout counter clutter-free.

It comes complete with a fanless low-power motherboard, touch screen display, thermal printer and optional customer display, eliminating complex and messy countertop cabling.
