

Guest Paging System

Durable waterproof queue pagers for pubs, cafés and takeaways

Waterproof Build
IP67 rated means the Guest Paging System is safe around drinks, kitchens & outdoor areas.

Expandable System
You can add more pagers or transmitters as your venue grows.

Multi-Colour LED Alerts
Visual, beep and vibration so customers never miss their call. Bright display works in dim lighting.

Multi-Colour LED Alerts
Gesture-controlled shutdown saves charge between services. Lower maintenance for staff.

- ### KEY USPs
- Calmer Queues
 - Faster Collections
 - Low Operational Cost

Our Guest Paging System helps you call customers back to the bar, counter or collection point quickly and calmly, without shouting names or losing orders. Perfect for pubs, cafés, social clubs, takeaways and hospitality venues where queues build and space is tight.

- ### PREFECT FOR
- Pubs
 - Cafés
 - Takeaways
 - Social & Members Clubs
 - Hospitality

Key Features

Features	What It Means for Your Venue
Durable rechargeable pagers	Built for busy pubs, cafés and clubs. Designed to handle drops, spills and daily use.
IP67 waterproof rating	Safe around drinks, kitchens and outdoor service areas. Easy to clean and reliable.
Bright LED number display	Customers can clearly see their pager number when called, even in dim lighting.
Gesture-controlled shut-down	Saves battery life automatically, reducing downtime and replacement costs.
Long-life lithium batteries	Longer operating time between charges and lower maintenance for staff.
Expandable system	Add extra pagers or transmitters as your venue grows. No need to replace the whole system.
Multi-colour LED alerts	Clear visual alerts alongside beep and vibration so customers never miss their call.
Compact pager design	Comfortable to hold, easy to stack on tables or counters.
15-pager charging base	Simple drop-in charging keeps pagers organised and ready for service.
Professional hospitality solution	Reliable kit supplied and supported locally by CCR Systems.
