Key Features

Features	What It Means for Your Venue
Portable card machine	Take payments anywhere — at tables, shop floor or on the move, reducing queues and speeding up service.
Fast transaction speeds	Keeps queues moving quickly during peak times, improving customer satisfaction and throughput.
Long battery life	Lasts through busy shifts without needing frequent charging, so staff stay focused on serving.
WiFi & 4G connectivity	Reliable payments indoors and outdoors, perfect for terraces, events or pop-up spaces.
Contactless & mobile payments	Accept all modern payment methods (Apple Pay, Google Pay), meeting customer expectations.
Integrated tipping options	Makes it easy for customers to tip, helping increase staff earnings in hospitality settings.
Real-time reporting	Track sales instantly, helping you make quick decisions on staffing, stock and performance.
Durable, spill-resistant design	Built to handle busy environments like bars, restaurants and retail floors.
Simple user interface	Easy for staff to learn and use, reducing training time and minimising errors.
Secure transactions	Protects your business and customers with built-in payment security and compliance standards.
