

Case Study

Add People Clicks Into Place with Fail-Safe UniFi Access Control

PRODUCT INFORMATION

Add People has grown to a team of more than 250 people, supporting over 4,000 small and medium-sized businesses with their digital marketing.

With staff, clients and deliveries coming and going throughout the day, the office needed doors that stay secure without ever getting in the way, and that never stop anyone leaving in an emergency.

KEY FEATURES:

- 01** A UniFi Access G3 Pro Reader video intercom system at the main entrance lets staff see and speak to visitors before letting them in.
- 02** Compact UniFi G3 readers at controlled doors give authorised staff quick tap-to-enter access, with all permissions managed centrally.
- 03** Fail-safe magnetic locks release automatically if power is lost, so doors open freely when people need to get out.
- 04** Green emergency door releases and push-to-exit buttons beside each controlled door give an immediate way out.
